182 T	1100	2,50	80	74	0412009	630,00

APPLICATIONS

These small centrifugal fans are suitable for conveying clean air and non-dusty fumes, up to a maximum temperature of 80°C*, They are used in all industrial applications in which small volumes of air at medium-high pressure are required - for example, machine tools, suctioning of feeding

into ducting, extractor hoods, etc.
