DESCRIPTION

IMPEDANCE / TRANSFORMER FOR 7-SPEED CONVECTION FANS 120W

CODE

TRAS005

€

17,23

ACCESSORY - CONNECTION CABLE 6-SPEED

suitable for connecting from the fan's transformer or the existing plant's motor. Halves motor installation times because it can be directly connected to the existing electrical plant. Suitable for transforming all types of single and multi-speed fans/motors (along with the self-transformer)
