dimensions in mm

TECHNICAL FEATURES:

Capacity tolerance: $\pm 10\%$

Terminals: Double 6,3 mm Faston

Dielectric armature: Engraved aluminium sheet

Applications: Single-phase motor starters

Working temperature: $-20^{\circ}\text{C} + 55^{\circ}\text{C}$

VDE: $-20^{\circ}\text{C} + 60^{\circ}\text{C}$

Dissipation factor: Typical 6%, Maximum 10%

Cladding: moulded self-extinguishing thermoplastic housing
